SUBJECT: 120 Day Notice of Substantial Change in Contracts for Fiscal Year 2020

Dear Mr. Sheehan:

This letter serves as written notice that the FY19 Board-Provider contract between the Wood County Alcohol, Drug Addiction and Mental Health Services Board and (agency) will terminate at the close of business on June 30, 2019. As required by Ohio Revised Code (ORC) Section 340.036 (D), the Board is legally required to execute a 120 Day Notice of Termination of the service contract(s) between the Wood County ADAMHS Board and the contract agencies it has funded for FY19, if substantial changes are to be made in the contract terms for FY20. As stated in ORC 340.036 (D), " If a party to a contract entered into under this section proposes not to renew the contract or proposes substantial changes in contract terms, the other party shall be given written notice at least one hundred twenty days before the expiration date of the contract."

This notice also ensures compliance with the terms of the FY19 Board/Provider contract, and of the ADAMHS Board's potential need to make substantial changes from the FY19 Board/Provider Contract for FY20.

The reasons for this notice will be discussed with Providers during the FY20 allocations planning meetings. These reasons include:

1. The ADAMHS Board may implement additional changes in response to decreased or other changes in funding from the Ohio Mental Health and Addiction Services, with further details on such changes to be made available when they are known.
2. Changes in the State of Ohio's management of federal and state funding for behavioral health services for FY20, due to ongoing implementation of Ohio's Behavioral Health Redesign, despite becoming effective January 1, 2018. The Board may be making changes in the services it will contract for, and in the reimbursement rates paid for non-Medicaid claims for Board eligible residents. The services and rates will follow those included in the BH Redesign.

3. The state is continuing the implementation of Medicaid Managed Care in Ohio and the implications of that are unclear.
4. The ADAMHS Board may implement additional changes in language to the Provider Contract based on recommendations from the Wood County Prosecutor's Office and other information or requirements not reasonably available at this time. The ADAMHS Board will notify Providers of such changes as soon as reasonably possible.
5. The Board will be requiring Provider reports for all services provided under contract with the Board, these will be discussed with the Provider during FY20 allocations meetings. These changes will be reflected in the FY20 contract, including Attachment D.
6. The Board may make changes in program funding and may contract with certified agencies to achieve cost-effectiveness of programs and services paid for in whole, or in part, with public funds controlled by the Board.

The Board intends to supplement this notice with information that becomes available.

Please contact this office in the event you have any questions concerning this matter by calling 419-352-8475.
