

ADDICTION TREATMENT THAT WORKS.

**All BrightView Centers Continue to Remain Open
and Are Accepting New Patients**

Addiction is a chronic, relapsing brain disease and BrightView is doing our best to leverage technology and to continue to offer outstanding patient care.

**BrightView is taking necessary precautions
during this time by:**

- **Adding full telehealth capabilities available for all appointment types, including new patient inductions, medical follow-ups, counseling and group therapy**
- Performing health screens at the entrances to all facilities
- Ensuring that staff and patients have effective protective equipment when beneficial
- Cleaning and sanitizing rooms and work areas with increased frequency
